POPPACK

Fast. Simple. Affordable.

POPPACK

SAVE TIME. SAVE MONEY. SAVE ENERGY.

Made in UK, PopPack is the perfect one-for-one LED replacement for single and twin fluorescent battens, and the simple, efficient solution for new installations. It is ideal for office, industry and retail applications where corridors, storages, service rooms, general circulation and other functional rooms can be found. With our comprehensive portfolio you can realise both large and small projects in a fast, cost-effective and energy-efficient manner.

APPLICATIONS

STORAGES

CORRIDORS & CIRCULATION AREAS

SERVICE ROOMS

EASY INSTALLATION

01
Open luminaire by unclipping front spine

02
Bring power cable through cable entry, fix base tray to mounting surface

03
Attach suspension cord between base tray and front spine

04
Connect power cable to terminal block

05
Close luminaire by clipping front spine onto base tray

Flexibility and efficiency

PopPack gives flexibility in lighting design for both new and refurbishment projects through the offer of four lengths and ten lumen outputs. With an efficacy of up to 147 lm/W, PopPack makes it possible to fulfil different illumination requirements whilst minimising energy use.

Simple and secure

PopPack's click-in system enables fast and simple installation. Slots in the spine make alignment easy. Multiple cable entries and terminal blocks with capacity for loop-in/loop-out 2.5 mm² wires. Optional screws can be added to end caps to lock the housing, restricting access to components to ensure increased security.
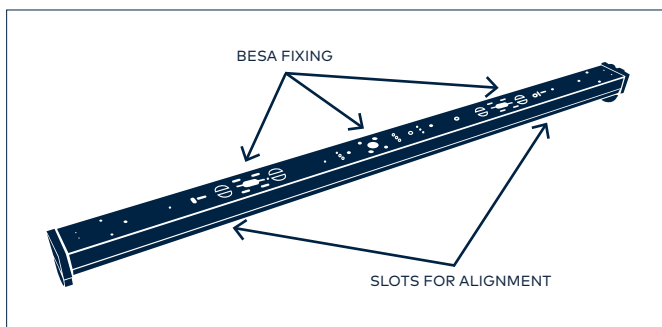

Controls and emergency

PopPack slashes maintenance costs, with a 50 000-hour rated life, equivalent to 16 years at 12 hours per day, 5 days per week operation. Additional savings can be achieved via DALI control or an integral PIR sensor, as well as corridor function. A self-contained 3-hour emergency version is also available.

TECHNICAL DATA

50 000 HOURS L80 @Ta 25°C	IP20	WIDE BEAM	IK03	E3, E3D (ON REQUEST)	PIR SENSOR, DALI DIMMABLE, CORRIDOR FUNCTION (COZ AND COR ON REQUEST)
